- 1008 voters aged 21 and above were interviewed via telephone
- The survey respondents are from all states across Peninsular Malaysia
- Voters were selected through random stratified sampling method along the lines of ethnicity, gender, age and parliament constituencies.
- All of the constituencies (12 states and 165 parliament constituencies) were surveyed and the selection of the respondents is proportional with respect to the population in each parliament constituency.
- Respondents were interviewed in their own language of preferences
- Survey margin of error estimated at ±3.09%
- The survey was conducted on 9th – 17th June 2014

Note: Total percentages presented may or may not add up to 100% due to rounding up of figures.
