MYANMAR PRE-ELECTION SURVEY 2015

INTRODUCTION

- The pre-election survey was commissioned by a consortium led by Mizzima Media Group with Merdeka Center for Opinion Research (Malaysia) as technical advisor. The survey was carried out by Myanmar Survey Research (MSR).
- The purpose of the survey is to understand the concerns and motivations of Myanmar voters ahead of the 2015 General Election.

METHODOLOGY

- A sample of **1,200** citizens aged 18 and above were interviewed via face to face
- Respondents were selected through **multi-staged random sampling** (Kish Grid)
- The sample is nationally representative of the population based on the 2014 census
- The results are weighted by age, gender and urban/rural
- The survey covers all the regions and states except for Chin state(1% of the population)
- The questionnaire was translated to Burmese language while in ethnic states the interviews were assisted by local interpreters
- The survey margin of error is estimated at **±2.83%**
- The survey was conducted between **14 October – 31 October 2015**
- Limitations:
 - Chin state was excluded due to inaccessible after massive floods

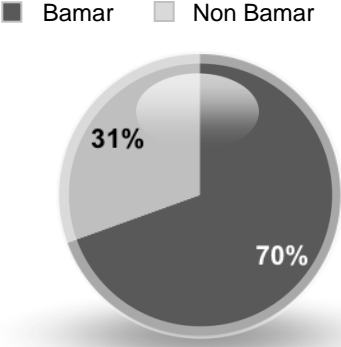

- Respondents were randomly selected from the townships, wards and villages so as to have a nationally representative sample.
- Number of sampling points as follows

	Number
Township	40
Ward	35
Villages	85
Total sample points (Wards and villages)	120
Sample allocation per sample point	10
